

## Commq Rack component shelf with adjustable rear brackets

— QA0345B

A heavy-duty 1U fixed shelf engineered for maximum stability and installation flexibility. Featuring an adjustable rear-side mounting system, this shelf adapts to various rail-to-rail depths, providing a secure four-point mounting configuration. It is ideal for supporting heavier mission-critical equipment that requires a deep and stable footprint.

### Product description

Number of rack unit 1U

Package Content Rack component shelf  
8 cage nuts

Colour Black
