

Commq Rack component sliding shelf

QA0365B

An advanced 1U telescopic sliding shelf designed for high-availability data center environments. The precision rail mechanism allows for full extension, granting technicians easy access to equipment for maintenance or cable management without disrupting the rack configuration. The adjustable depth range makes it a versatile asset for varied enclosure depths.

Product description

Number of rack unit	1U
Package Content	Sliding shelf
Colour	Black
Height (mm)	4.37
Width (mm)	483

Product description

Depth (mm) Adjustable rear brackets (650-850mm extension)

Weight (gr) 3600

Mounting location Front Rear

Load capacity (kg) 30

Warranty (in months) 12
